User Stories

User Story 1: As an employee, I want to be able to create and modify items for sale.

User Story 2: As a manager, I want to be able to set an item up so it provides all the information the customer needs.

User Story 3: As an employee, I want to apply discount codes easily to items.

User Story 4: As an employee, I want to be able to see different sorted lists of orders.

User Story 5: As an employee, I want to see the orders placed on items.

User Story 6: As a manager, I want to edit users using our service.

User Story 7: As a manager, I want to create sales items and discounts.

User Story 8: As a customer, I want to see all relevant information about an item.

User Story 9: As an employee, I want to see orders each user has made so that an order history is made.

User Story 10: As a manager, I want a friendly UI so that it is easy for new hires to use.
